## About Harbin Neurology

Georgia's largest physician-owned multi-specialty group, Harbin Clinic, LLC, is seeking a BE/BC Neurology Physician Partner to join three established neurologists. With 150 physicians across 37 medical specialties in 21 locations, Harbin Clinic is the medical hub for Northwest Georgia – serving over 600,000 patients each year.

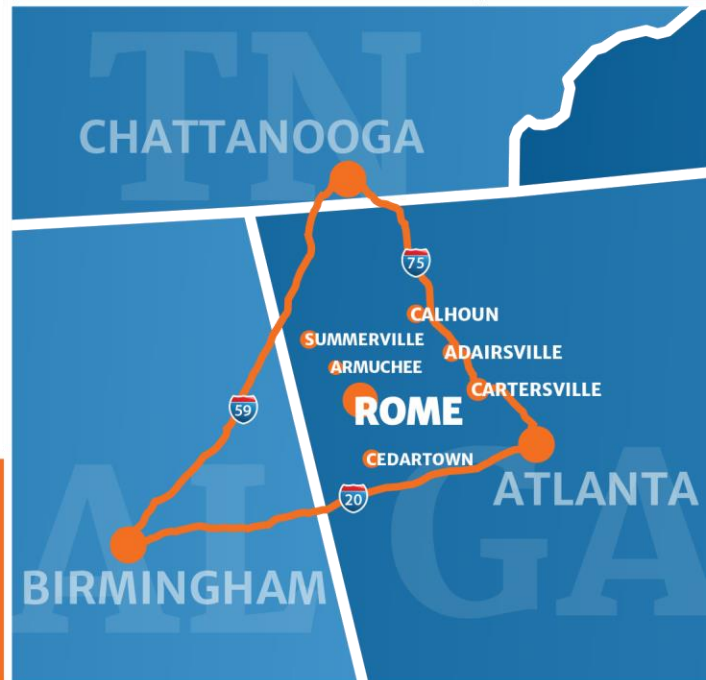

Harbin Clinic Neurologists take an integrated approach to patient care by working with Harbin specialists and other national experts trained in brain and nervous system surgery, mental health conditions, sleep disorders, speech conditions, eye conditions, pain medicine, physical medicine and rehabilitation to provide our patients with complete care. Our team understands the anxiety patients and their families face when dealing with unknown medical symptoms and medical issues, and our team of physicians, advanced practice clinicians and staff are committed to providing the best care possible.

- Practice in a collaborative atmosphere with 3 neurosurgeons and 5 physiatrists/pain management specialists
- In-office EEG, ambulatory EEG, 2 EMG/NCS machines, EMG chemo denervation equipment and access to intraoperative neurophysiologic monitoring
- Equipped for managing VNS patients / Inpatient Video-EEG monitoring available at local hospital
- Access to strong radiological facilities within clinic and hospitals - Neuro-Radiologists are available to read studies and/or the opportunity to read your own CT/MRI studies
- Cutting-edge technology
- Large primary care referral base
- Sub-specialty interests welcome
- Outpatient after hours phone calls only
- No ER Call
- No Stroke Call
- Shared used of 2 office-based nurse practitioners
- Teaching opportunities – medical students and FM/IM residents
- 2-year partnership track, competitive compensation & full benefits

## About Rome & Northwest GA

Harbin Clinic offers physicians and their families the professional opportunities of a progressive practice with the quality of life unmatched in crowded urban environments. Just 90 minutes north of Atlanta, Rome is a medical hub for the entire region.

Consistently recognized in the press as one of the best small towns in America, Rome offers a vibrant downtown, diverse cultural offerings, excellent education and numerous recreational choices.

For consideration or to learn more about Harbin Clinic, contact Harbin Clinic Physician Services.
